Desert Recreation District

Introduction

[Desert Recreation District](#) (DRD) is the largest park and recreation district in California, covering 1,865 square miles and serving more than 380,000 residents throughout the greater Coachella Valley in part by working with municipalities in a collective effort to assure equitable service delivery to every community regardless of economic means.

Overview of Desert Recreation District

MISSION

Desert Recreation District's mission is to enrich the quality of life for Coachella Valley residents by acquiring, developing, operating and maintaining a community-focused parks and recreation system and preserving it for future generations.

OUR VISION

Through a community collaborative approach, the District will be the regional provider of premier parks and recreation services in the Coachella Valley. Ensuring all residents have equitable and barrier free opportunities that contribute to the overall wellness of our communities

OUR VALUES

Respect – Mutual understanding and equal consideration of others.

Integrity – Consistently doing the right thing.

Teamwork - Working together to achieve a common goal.

Excellence – Continuously striving for perfection.

Benefits of joining the Desert Recreation District

Accessing the endless recreation programming opportunities at the District resident rate.

We believe parks and recreation should be available to all, regardless of their income or ability. Financial assistance is available to District residents who qualify through our non-profit the Desert Recreation Foundation.

Your resident member's "Fit Pass" grants you access to all four of our community centers across the Coachella Valley featuring fitness equipment, racquetball courts, weight rooms, tracks, and gymnasiums.

Parks and community centers are vital assets that significantly benefit the community by promoting healthy living and enhancing overall well-being. They provide accessible spaces for physical activities such as walking, jogging, sports, and fitness classes, encouraging an active lifestyle.

These facilities also offer opportunities for social interaction, fostering a sense of community and reducing isolation. Additionally, parks and community centers host various educational and recreational programs that support mental health, personal growth, and lifelong learning. By creating environments that encourage physical, social, and mental wellness, they contribute to a healthier, happier, and more connected community.
